ABC Network

DATE January 26, 1965 7:00 P.M.

CITY Washington, D.C.

CIA BRIEFED SENATE FOREIGN RELATIONS

EDWARD P. MORGAN: "Central Intelligence Director John McCone briefed the Senate Foreign Relations Committee today. Afterward, Chairman Fulbright called the political situation in Saigon very distressing, though he discounted the possibility of another government overthrow.

"Senator Fulbright also today re-introduced legislation to control the swarm of lawyers and lobbyists retained in Washington by foreign governments. Similar legislation passed the Senate last year, was pigeon-holed in the House."
